CACFP INFANT FEEDING PREFERENCE

Dear Parent/Guardian,

This childcare provider participates in the Child and Adult Care Food Program (CACFP) and receives USDA reimbursement for serving nutritious meals to infants according to program requirements. Participation in this program requires childcare providers to follow specific meal patterns according to the age of the infant.

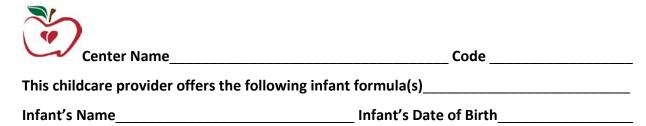

If your child is exclusively breastfed, childcare providers participating in the CACFP can feed your infant the breast milk you supply and meet the meal pattern requirements. Breastfeeding is widely recognized as the best source of nutrition for infants.

The Institute of Medicine and the American Academy of Pediatrics recommend that "adults/caregivers, who work with infants and their families, promote and support exclusive breastfeeding for the first six months and continuation of breastfeeding in conjunction with complementary foods for 1 year or more, and the Texas Department of Agriculture (TDA) encourages child care provider's to dedicate a space for mothers to breast feed their infants on site."

Childcare providers participating in the CACFP <u>are required</u> to offer at least one infant formula for infants who are enrolled for childcare. You may decline the infant formula offered, and supply breast milk and/or your own preferred infant formula.

Additionally, when you determine in consultation with your physician that your child is developmentally ready, the child are provider will also be **required** to offer infant cereal and other foods. As with infant formula, you can decline the infant cereal and other foods offered and provide those items to your childcare provider. It is important to note that your childcare provider will not receive reimbursement for meals that contain <u>more than one</u> parent provided component. Speak to your childcare provider to understand what components are required for your infant's meal and the exceptions made for infants with disabilities, so that your infant receives the most nutritious meal possible.

<u>It is very important that you indicate your preferences on the form that follows so we can honor the nutrition choices you have made for your family</u>. Please complete the information below to designate your preference for infant formula, infant cereal and other foods.
